NIHR | Applied Research Collaboration East of England

DACHA

Developing resources And minimum data set for Care Homes' Adoption

DACHA WEBINAR SERIES

Webinar Schedule

About the series | The DACHA study are delighted to host a new lunchtime webinar series consisting of **four webinars**.

In each webinar, we will have 3-4 presentations around specific DACHA topic areas. All researchers have strong links with the NIHR Applied Research Collaboration and are based at one of the DACHA study's partner universities.

Find out more about the webinar's below:

WEBINAR 1 | **Improving the effectiveness and efficiency of care home based research:** shifting the balance: enabling care home staff and residents to be partners and leaders in research

- **Evidence review and uptake |** Sarah Kelly (University of Cambridge), Guy Peryer (University of East Anglia) and Karen Spilsbury (University of Leeds)
- **Care home trials archive: what questions interest care home staff and researchers? |** Lisa Irvine (University of Hertfordshire)
- **Resident and staff engagement with research questions |** Anne Killett (University of East Anglia)

Friday 21 July 2023
12:00-13:30

Register now

WEBINAR 2 | **What enables staff to use resident data for care**

Implementing change in care homes: what works to support the uptake and use of information about people living in care homes

- **The realist review of minimum data set use in care homes |** Claire Goodman (University of Hertfordshire)
- **How do care home staff interpret and use quality of life assessment tools and scales |** Nick Smith (University of Kent)
- **Implementation of a minimum data set |** Iain Lang (University of Exeter), Lucy Webster (University of Kent) and Rachael Carroll (University of Nottingham)

Friday 13 October 2023
12:00-13:30

Register now

Webinar Schedule

WEBINAR 3 | Quality of measurement: Tackling competing agendas for data capture and use

- **Principles of a minimum data set|** Jenni Burton (University of Glasgow)
- **National survey and DACHA Domiciliary Care study |** Barbara Hanratty (Newcastle University)
- **Quality of life measurement |** Ann-Marie Towers (University of Kent)

Friday 8 December
12:00-13:30

Register now

WEBINAR 4 | Data Integration and maximising learning from routine data:

Building a minimum data set: data linkage, understanding data hierarchy and showing value to the local system

- **Data integration - linkage and learnings |** Therese Lloyd and Liz Crellin (Improvement Analytics Unit at The Health Foundation)
- **Demonstrating the value a minimum data set can bring to local systems? |** Kaat De Corte and Freya Tracey (Improvement Analytics Unit at The Health Foundation)
- **DACHA national consultation |** Claire Goodman (University of Hertfordshire)

Wednesday 15 May 2024
12:00-13:30

Register now
